	STREET WORK	
	State Street	Sewer lining will take place overnight in early February. This work is anticipated to take place between 7:00 PM and 6:00 AM. During this time the road will be closed to thru traffic from E. Columbus Ave. to Main Street. A police detail is anticipated. Notifications to specific abutters will provided prior to the work taking place.

	Main Street	Reflectorized drums will intermittently be placed in the south bound lane to shift traffic from 6am-6pm Monday through Friday to allow for the unloading of certain materials onto the construction site. The barrels will be moved out of the road at the end of each day to allow parking during non-working hours. Two way traffic will be maintained at all times and two police details will be present. This traffic shift is currently underway.
	Union Street	Sewer lining will take place overnight in early February. This work is anticipated to take place between 7:00 PM and 6:00 AM. During this time the road will be closed to thru traffic from E. Columbus Ave. to Main Street. A police detail is anticipated. Notifications to specific abutters will provided prior to the work taking place.
