- Each active day, each category will start with the lowest ranking hand. The 10:00am-10:59am qualifying hands will be Four-of-a-Kind: Deuces (2's), Straight Flush: A-2-3-4-5, and Royal Flush: Clubs. Each hand will start with a \$200 prize.
- **THIS IS NOT AN “OR BETTER” PROMOTION, YOU MUST MAKE THE EXACT HAND.**
- Each active hour is considered a “session.” If no one makes a qualifying hand during a session, the required hand value will increase, and the prize will increase by \$100.
  - *Example: None of the qualifying hands are made in the first session. The prize for each hand would increase to \$300 & the qualifying hand for each category would be as follows. Four-of-a-Kind: Threes (3's), Straight Flush: 2-3-4-5-6, Royal Flush: Diamonds.*
- If a qualifying hand is made during a session, that category becomes inactive for the remainder of that session & resets to the lowest hand value & \$200 prize at the beginning of the next session.
  - *Example: The Four-of-a-Kind category has not been hit until the 2:00pm-2:59pm session, with a qualifying hand of Sixes(6's). That player would receive a \$600 prize, the Four-of-a-Kind category would become inactive for the remainder of that hour, then reset to the lowest Four-of-a-Kind (2's) and a \$200 prize at the beginning of the next hour. This would have no impact on the Straight Flush and Royal Flush prizes.*
- Each categories hand value and prize will increase until either a qualifying hand is made, or the highest-ranking hand of that category is reached (Four-of-a-Kind: Aces (A's), Straight Flush: 9-10-J-Q-K, Royal Flush: Spades). If there is no qualifying hand made in the final session of an active day, 50% of unclaimed prizes will be added to the initial \$200 prize for the first session of that category the following active day.
  - *Example: No Royal Flushes are made. The next active day's Royal Flush prize would start at \$900 (\$200+\$700 rollover) and the qualifying Royal Flush would begin at Clubs.*
- Each category will have a maximum prize of \$2,500.
