ZONE	LOCATION	STATUS
	Main Street	Reflectorized drums will intermittently be placed in the south bound lane to shift traffic from 6am-6pm Monday through Friday to allow for the unloading of certain materials onto the construction site. The barrels will be moved out of the road at the end of each day to allow parking during non-working hours. Two way traffic will be maintained at all times and two police details will be present. This traffic shift is currently underway. Road work to adjust a curb box at the corner of Main Street & Stockbridge Street is anticipated to take place within the next two weeks. A police detail will be present for this work and two-way traffic will be maintained.
	Union Street	Utility work is taking place at the intersections of Union, Howard West, and Bliss Street with East Columbus Ave. During this work, Union Street will be closed to through traffic from Main Street to East Columbus Avenue. Access to Pride Gas Station, the Colvest Building, and 55 State Street will be maintained at all times. Signage will be in place to direct patrons to business' on Main Street via State Street and to provide updates and direction for drivers in the area. East Columbus Ave will be open to through traffic throughout the project. At times, lanes will need to be reduced to accommodate utility crossings at the intersections. Police details will be present throughout the summer to help traffic flow as efficiently as possible.
	East Columbus Avenue	Work is underway to repair/replace portions of water main piping. A police detail is anticipated.
	Bliss Street	Work is underway to repair/replace portions of water main piping. A police detail is anticipated.
	Howard Street Turn Around	No work anticipated
	Howard Street	Work is underway to repair/replace portions of water main piping. A police detail is anticipated.
